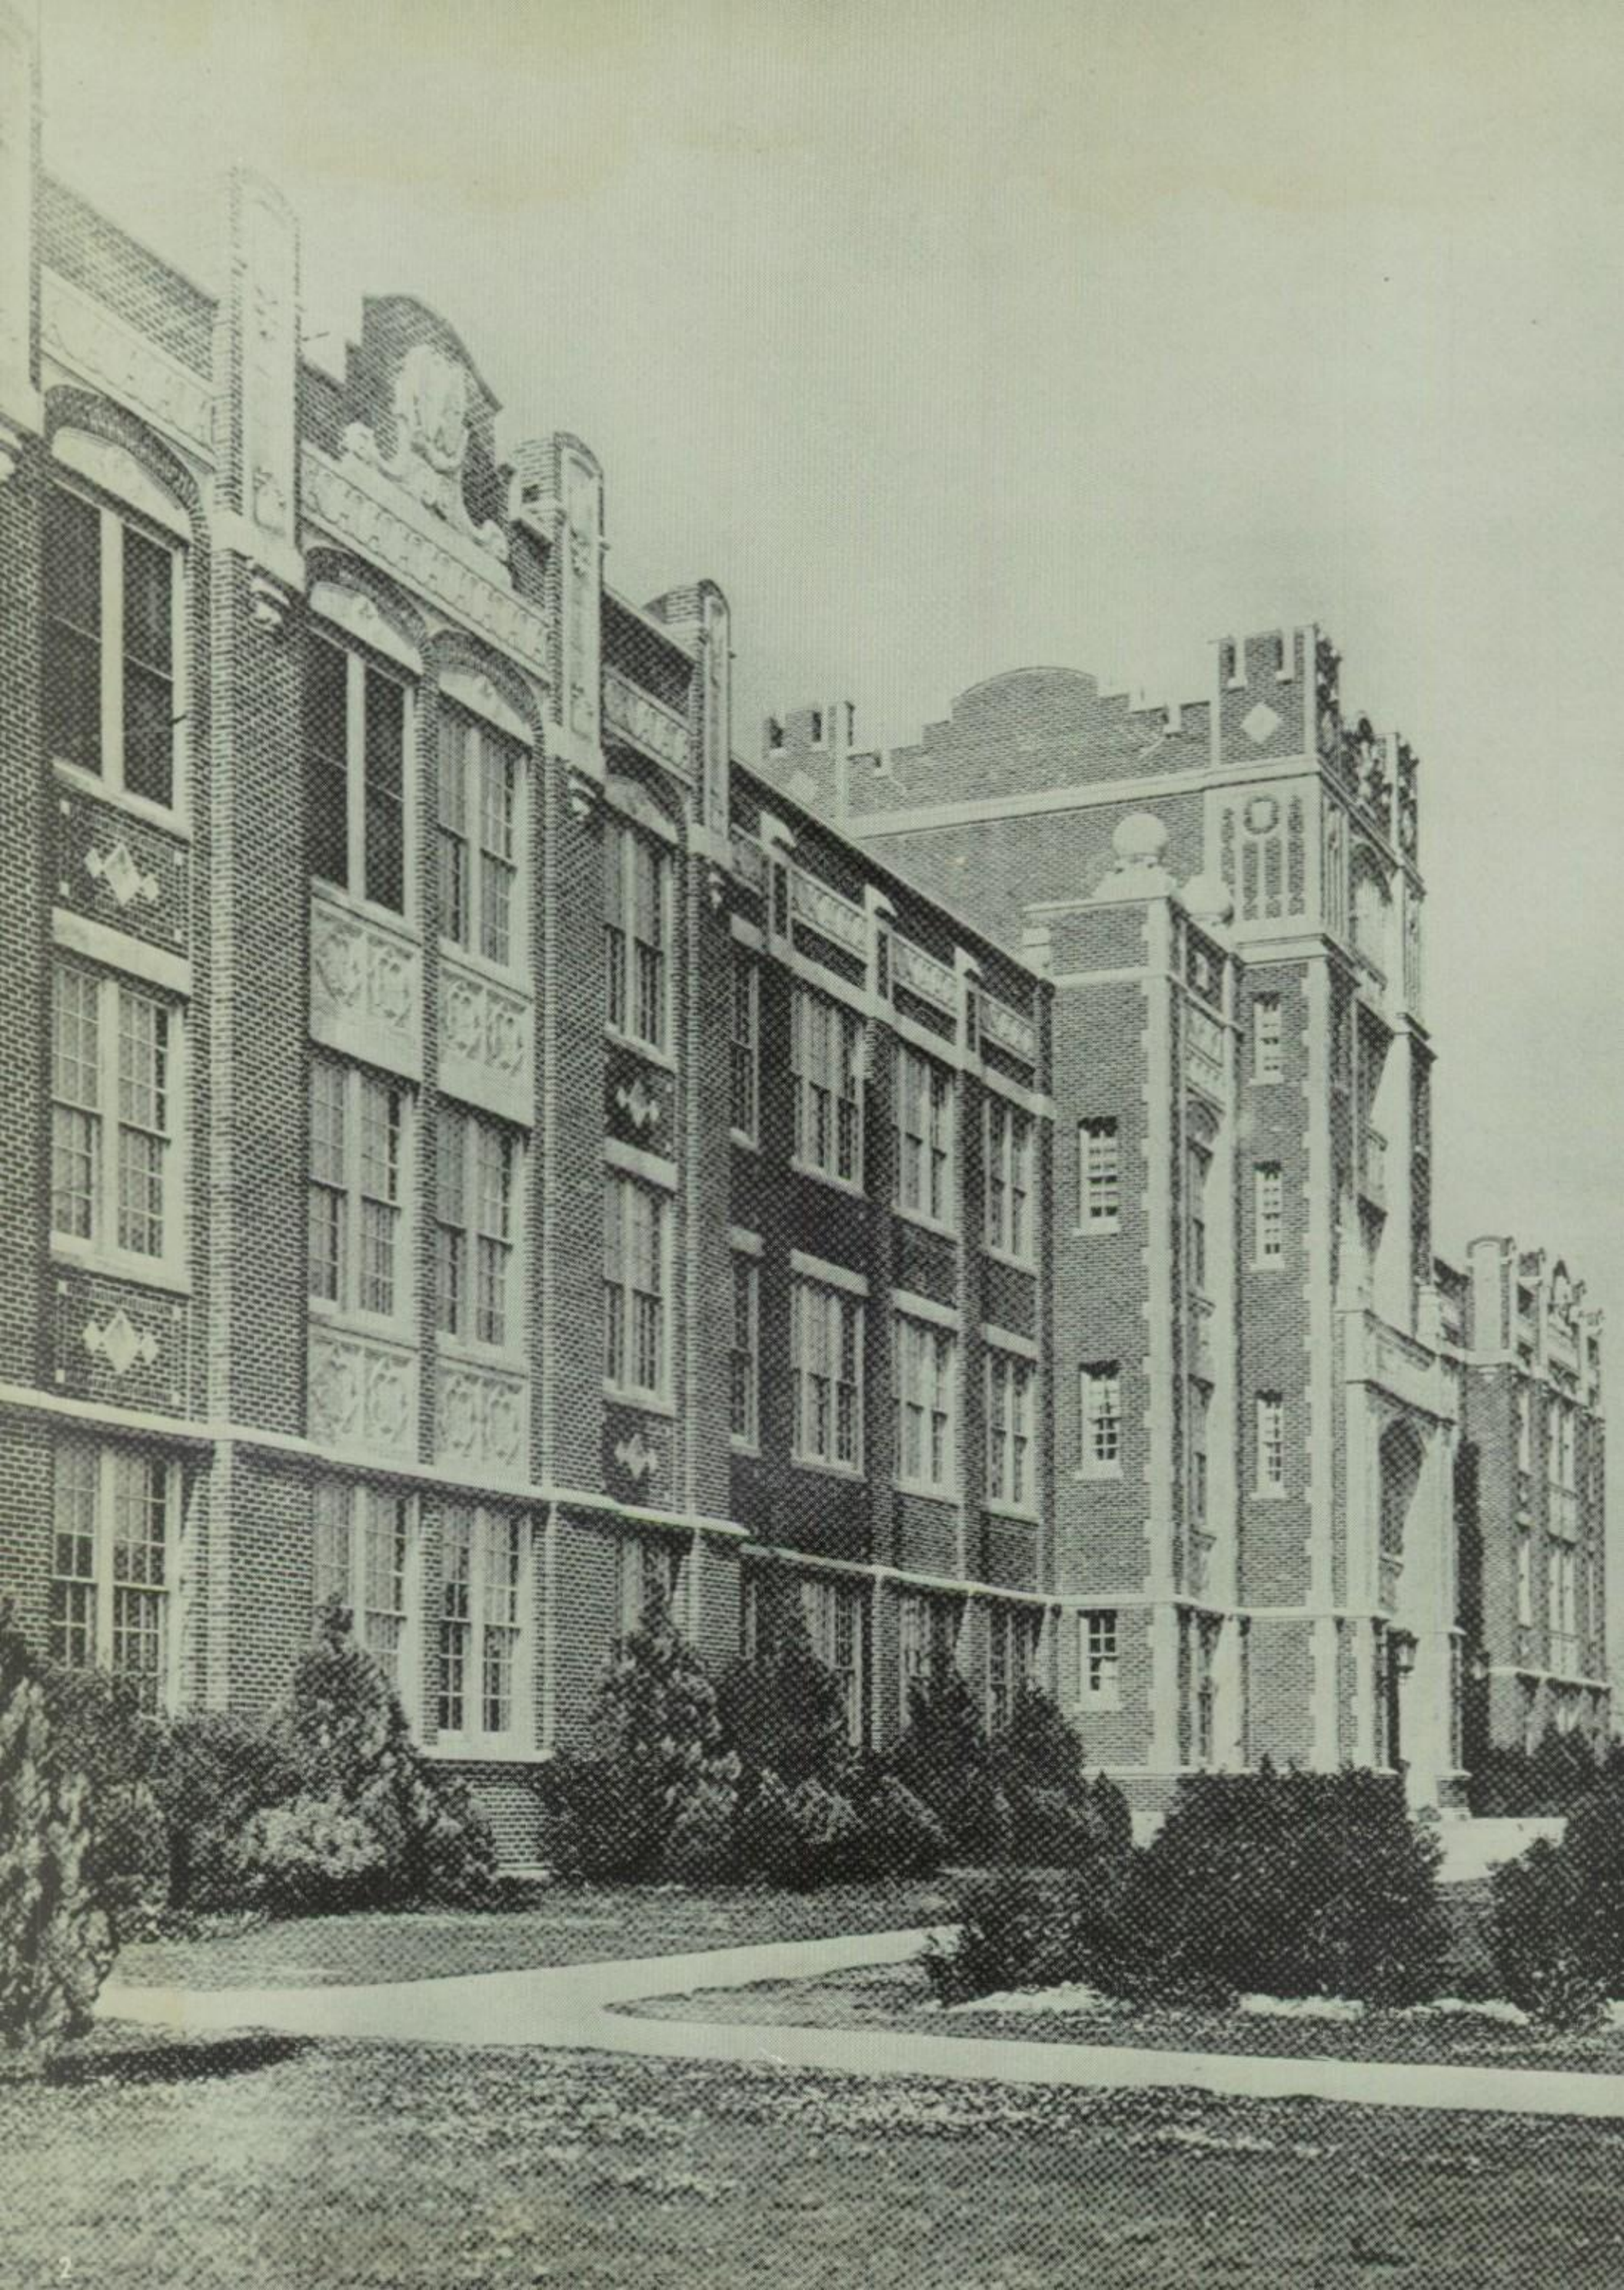
Baton Rouge High School

Baton Rouge, Louisiana

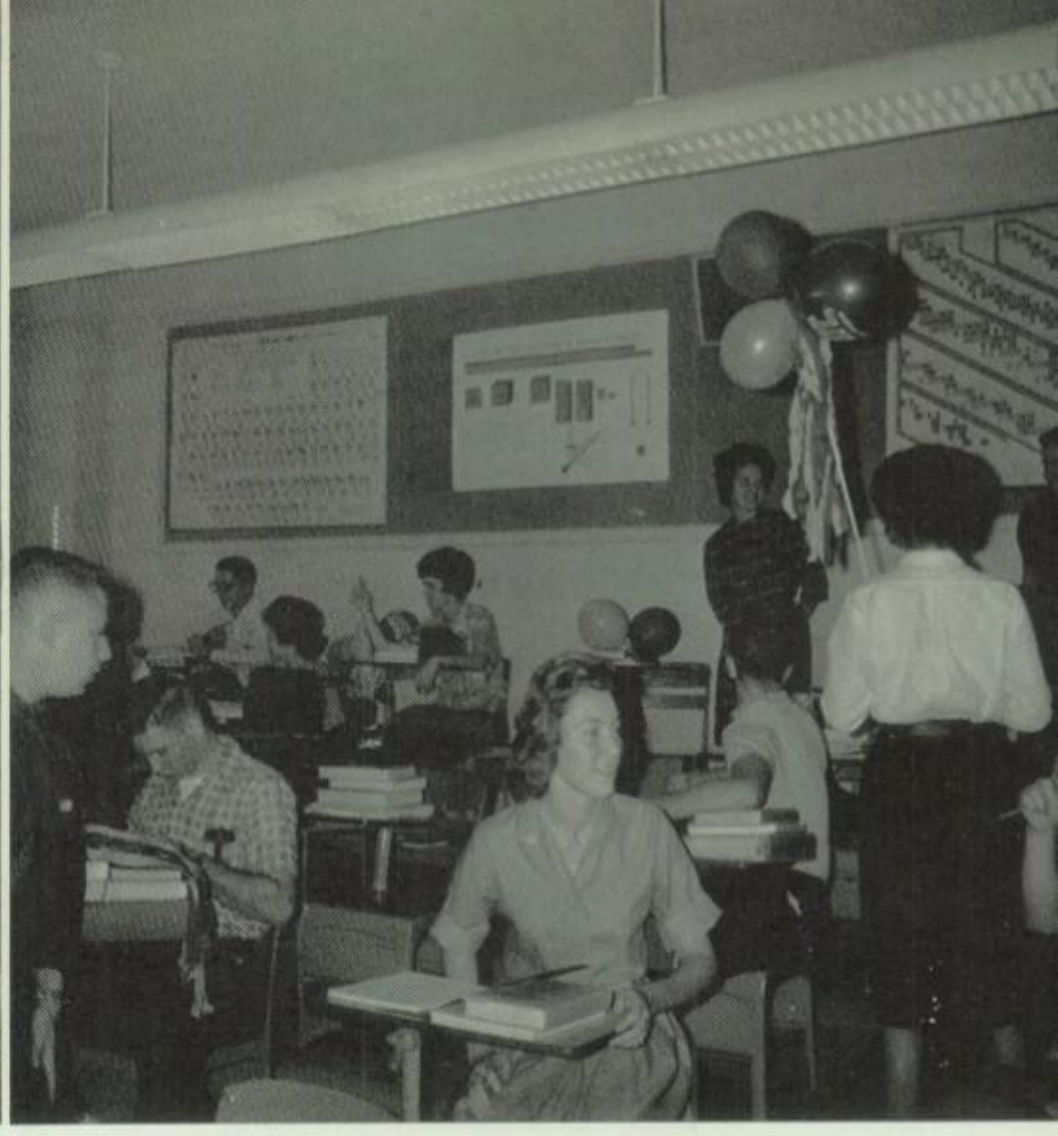


Foreword

Go with a capital G—and candy bars—the school plant is a scene of vitality, forever in motion, a perpetual mixture of activity—rush —nine hundred things to do, meetings, practice, elections.

A surge of Traffic after games—a rendezvous in the rumpus room—cafeteria lines . . . Exams and study hall . . . C.D. preparation,—overdue library books—losing notebooks—test papers . . . A TEST on the last eight chapters for Monday—late booster practice, teamwork—

People—smiling for pictures—people with places to go and things to do—People just sitting and daydreaming.



Crowds and individuals—the blur of faces at an athletic event, party goers, home room signs —classes full of people.

The Fricassee staff has attempted to capture in part events of this school year that will enable you, the student, to relive routine happenings as well as fleeting moments of triumph.

If this publication is a key that smoothly opens the door to your treasure house of memories, we will be rewarded. Action is the theme, for it is student activity which is the heartbeat of Baton Rouge High.

Alma Mater

For Baton Rouge High we raise our cry;
For the school we all adore
We will raise our standards high
Till known from shore to shore—

Then we'll fight, fight, fight
With all our might, till victory's in sight
Then we'll raise our banners high
For dear old Baton Rouge High.

MRS. SARA M. MICHAEL

A living symbol of Baton Rouge High
Teaching successfully, with humor wry,
Making us always do our part,
She loves the students with all her heart.
Surpassing mere duty, she gives inspiration,
Igniting energy and determination.
Her homeroom is ever first without fail;
There, ambition and action do prevail.
Because of these reasons, and others too
Mrs. Michael, we dedicate the FRICASSEE to you.

The following students were named by a Committee of the Faculty to make up the list of WHO'S WHO at Baton Rouge High School on the basis of LEADERSHIP, COURTESY, LOYALTY, SERVICE, AND SCHOLARSHIP. To be on this list is indeed a great honor and we take pleasure in presenting them to you in this special section of our yearbook. At the same time we would like to congratulate these students who have earned the high esteem of their teachers and who have contributed, each in his or her own way, to the welfare of BRHS, in order to make our school one of the best in these United States.

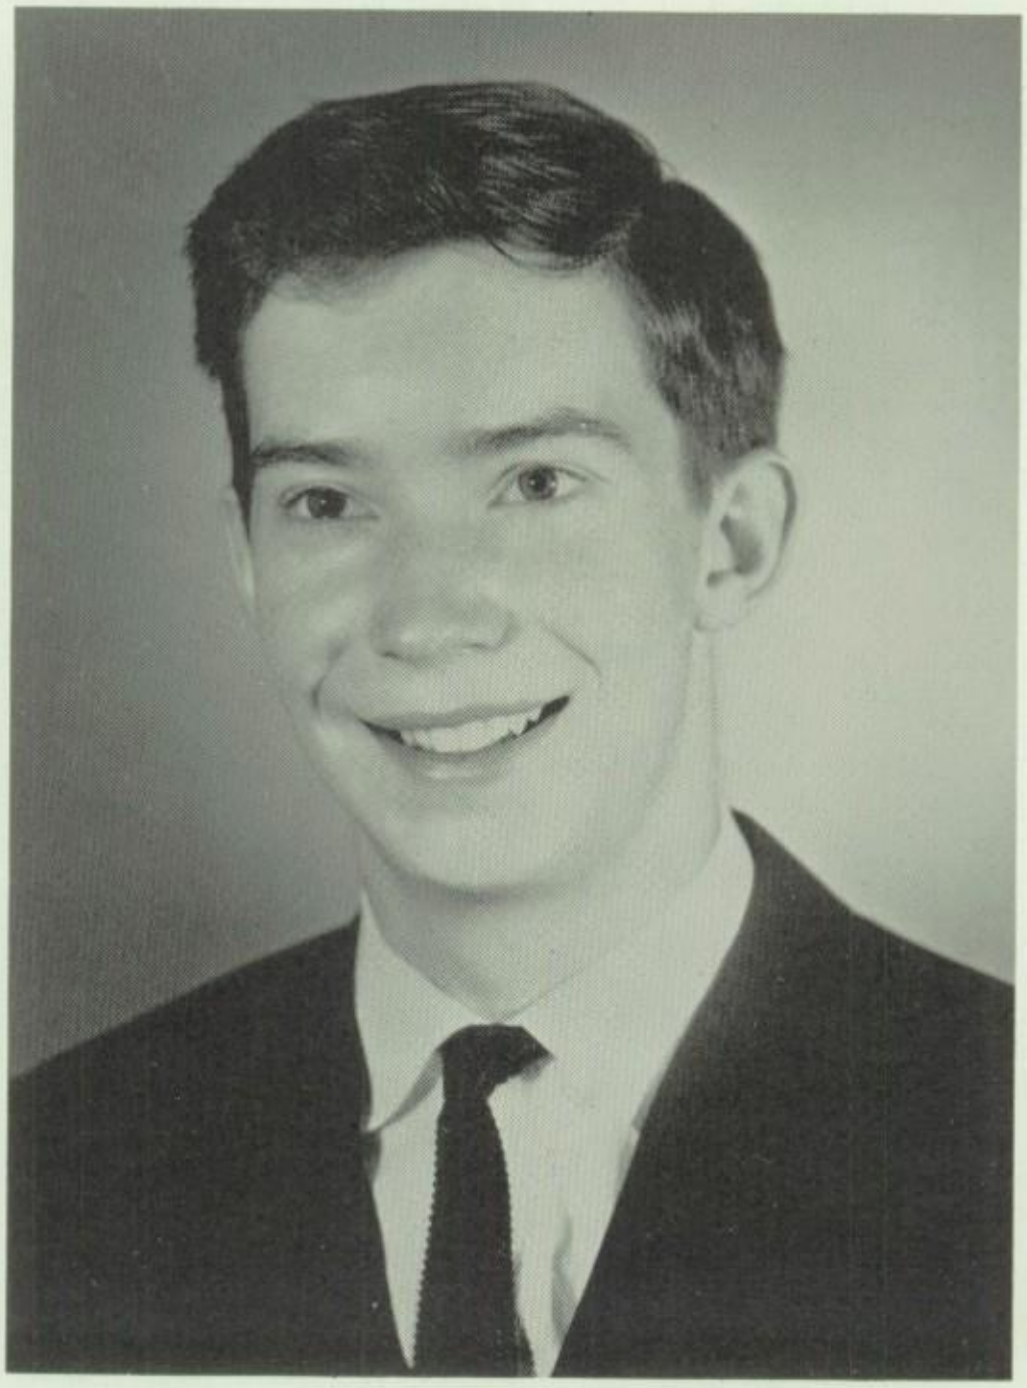
Foreign Exchange Student



HANS ALKJAER

Hans Alkjaer came to Baton Rouge High from Copenhagen, Denmark, through the American Field Service. Making lasting friendships with the students, he has become an integral member of the senior class. His special smile and pleasing personality have made pleasurable for us the exchange of customs; while a sense of humor has helped him over the rough spots.

Organizations to which he has actively contributed include Beta Club, Key Club, and Student Council.

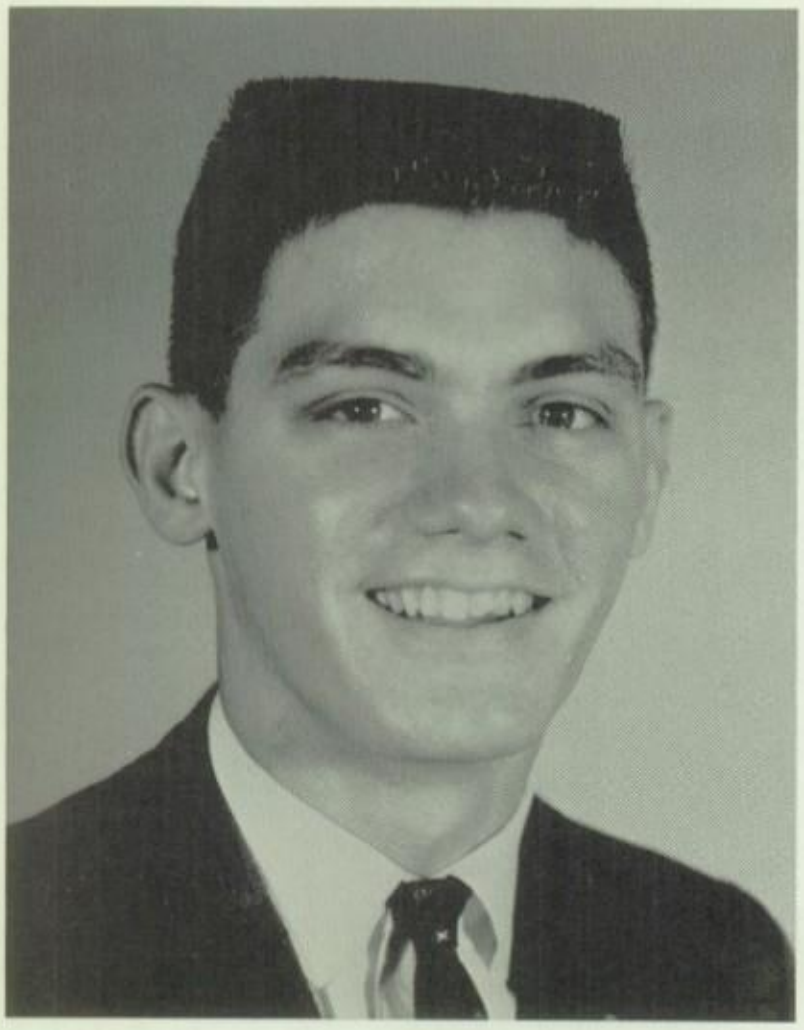
Senior Standouts



BRAD BRIAN

Brad, an outstanding and popular Senior, is President of the Student Council. His hard work is obvious in his enthusiastic basketball playing. He is also a member of the Beta Club, Key Club, the B.R. Club, and was President of the Junior Class last year. He is a good example of "the early bird catches the worm" for he gets up early every morning to study his lessons.

Elizabeth is President of the BRHS Boosters, reporter for the Latin Club, and a member of the Beta Club, Future Teachers, and Mu Sigma. She is also a member of the swimming team for which she lettered in her Sophomore year. During the past summer "Libit" represented BRHS at Leadership Conference and at Pelican Girls' State at L.S.U.

Afterword

PEP meetings—in the air an almost tangible feeling of excitement—thunder, thunder, thunderation—balloons and tricycles—mid-term with a small flurry of changed schedules.

Weather—dreary, clear, Why doesn't it snow? Recognition—acknowledging the Intelligentia—outstanding athletes and workers—HURRY—A t t e n d i n g games, rehearsals—concentrated study for the big exam—making a book report—

Conventions and parties—meeting old friends and new—love at first sight—precious time wasted while sand silently drips from the hour glass—

A still moment of personal reflection, calculated indifference and breezy carelessness—self-control, desired or practiced—athletic events —spring fever, by-product of the season's first four-leaf clover— awards—banquets—the inner glow of pride in friends and self—

Seniors—experiencing sensations of sight, odor, taste—anticipation of glee accompaning graduation—beneath the surface a feeling of finality—nostalgia for the magic high-school years—And the realization that a greater challenge lies unnamed, over the rainbow.

That old gang of mine.
